DETAILED ACTION

Response to Arguments

1. Applicant's arguments (9/20/07 Response: page 8, line 12 - page 9, line 22) with respect to claims 9-21 have been fully considered and are persuasive. The rejection of claims 9 & 16-17 under 35 USC 102 and the objection to claims 10-14 & 16-17 have been withdrawn.

2. Applicant's arguments with respect to claims 1-2 (9/20/07 Response: page 7, line 18 - page 8, line 11) have been fully considered but they are not persuasive.

See below re the recitations of display items that are linked together and a display list not for viewing by an end user.

Claim Rejections - 35 USC § 102

3. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

4. Claims 1-2 are rejected under 35 U.S.C. 102(b) as being anticipated by Kujirai (US 2001/0050781).

Re claims 1-2, Kujirai discloses (paragraphs 0075-0076; Figure 16) a method for processing print jobs in a printer in which a display list with a plurality of objects to be printed (print jobs) is constructed. These objects are subjected to

various processings, including a COMBINE process that links a pair of objects and replaces them with a single combined object.

Re the recitation that "the display list is not for viewing by an end user," the term "the end user" is readable on any final user of the printouts (e.g. the ultimate recipient of printed documents). Thus, this limitation is readable upon any "end user" other than the operator of the Kujirai printer.

Allowable Subject Matter

5. Claims 3-8 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

6. Claims 9-23 are allowed.

7. The following is a statement of reasons for the indication of allowable subject matter:

As noted above, Applicant's arguments (9/20/07 Response: page 8, line 12 - page 9, line 22) with respect to claims 9-21 have been fully considered and are persuasive. The allowability of claims 22-23 was addressed in the 7/26/07 Office Action.

Conclusion

8. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, THIS

ACTION IS MADE FINAL. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
